“STIGMATA OF ST FRANCIS OF ASSISI”

Interpretations Of The First 30 Years

(and what his Stigmata might mean for us today)

Using contemporary accounts from the brothers, early biographies and the Bull of Canonization (1228) we will glimpse insights of how this event was understood at the time.

“Young people do not need us; they need God! The more we live in his presence, the more we are capable of helping them encounter Him.” —Pope Francis
